Supporting documentation

Address the Award Guidelines (#4 Selection Criteria) in support of the nomination. The supporting document should be no more than one page in length.

4. Selection Criteria: The Award will focus on performance in the two years preceding the Conference (eg. for the 2009 Conference, applications will require demonstrated performance during 2007-2008) and will primarily be based on a project undertaken individually or in collaboration. Nominations would be assessed against the following criteria:

- Contribution to, and enhancement of, the information profession/industry*
- Outstanding project work, whether by an individual or as part of a team*
- Collaboratively working within or between organisations*
- Originality/innovation regarding services or solutions*
- Excellence / innovation in terms of best practice*
