

Project Management (PM@5pm)

Monday 6th October-Friday 21st November 2008

Course Aim:

This course aims to introduce participants to the skills required to manage projects, ranging from small to large and everything in between!

Course Objectives:

By the end of this course participants will be able to:

- Understand the difference between a project and a service.
- Create project plans.
- Balance the cost, time and quality aspects of projects.
- Minimize the risks involved in projects.
- Understand the use of project management methods and techniques such as PRINCE2.
- Engage with fellow course participants in discussing issues arising from project management.
