1. **ALIA Group Meeting – Monday 22, Sept.**

The following will be presented at the meeting:

- i The annual library technicians day be celebrated on a larger scale by making it a 30th anniversary dinner. If the Conference Committee is not using the “Pearls of Wisdom” theme, the SALT Committee would adopt it for the 2009 reunion celebrations.
- ii A library tour was suggested
- iii Possibly another smaller function as the 2009 Library Technician Conference will dominate the year.

2. **‘Making the Leap’ Weekend workshop.**

Items on the registration form will need to be added/alterd so it can be distributed.

MM: To make alterations and forward form to group before distribution.

A continuous supply of Tea/Coffee is to be available during the workshop so that morning/afternoon tea times remain flexible.

AC: To contact Bungaree to see if this is feasible.

In the past an evaluation form was used at these events.

AJ: To redesign such a form to fit in with the weekend workshop.

Next Meeting Tuesday October 14th at Fontana de Trevi, Pirie St Adel.
