

## Competencies

### Indigenous Engagement

1. Know and understand the diversity of Aboriginal and Torres Strait Islander peoples and cultures. Promote and support Indigenous ways of knowing, maintaining and transmitting culture.
2. Understand the library and information sector and the policies, issues and trends that impact on Aboriginal and Torres Strait Islander peoples.
3. Understand the principles and practices related to providing information services to meet Aboriginal and Torres Strait Islander peoples needs.
4. Know and understand Indigenous literacy needs, as identified in partnership with Aboriginal and Torres Strait Islander peoples and communities. Promote and support the development of literacy programs, including digital literacy.
5. Understand the development and management of resources in a broad range of formats, with a focus on the representation of Indigenous languages and culture.
6. Know and understand the application of leadership, finance, communication, marketing and management theory and techniques as related to Indigenous engagement.
7. Understand and use current technology and systems to manage all forms of information, and understand this in an Indigenous context.
8. Maintain currency of professional knowledge and practice in relation to Indigenous engagement principles.
